THE ACADEMY IS DOWNED

Williamsport High School Plays Great Foot Ball.

A BRILLIANT AND EXCITING GAME

The Visitors Put Up a Solid Interference and Easily Smash the Academy's Ends—A Large Crowd Witnessed the Fray.

More than a thousand people saw the Williamsport High School foot ball eleven trail the Academy colors in the dust on Saturday by the score of 18 to 0.

It was a great game and in fact was a big surprise to everybody who had gathered there as they fully expected the visitors would win by about 30 to 0. The game was replete with many fine plays and the spectators heartily applauded every good play no matter which side happened to make it.

The youngsters from Lycoming county arrived in Farmersville on the morning train and immediately were taken charge of by the different representatives of the Academy club. They spent the balance of the morning in taking in the sights, flaunting their colors—red and white—on the lapels of their coats as they journeyed around the town.

By the time the hour for the game to commence had come around both teams had been pretty well sized up and Bellefonters judging from the past record of the visiting team concluded that about 30 to 0 against them would be a pretty good showing for the home eleven.

The game was scheduled for 3 o'clock and promptly at that hour the ball was kicked off by Williamsport and then the fray was on in full blast. At the first rush Henderson, the Academy's right half-back was injured and had to leave the game. This weakened the home team considerably as Cochran was also laid up in a practice game on Friday evening. Sheffer came into the game at this juncture which strengthened the team and made the playing more even. The ball was pushed back and forth in the middle of the field during the first few minutes of play and then the superior training of the visitors commenced to tell and by their solid interference they were soon able to score a touchdown, not however without a good bit of trouble. A goal was kicked and the score stood: Williamsport 6; Academy 0.

Play was resumed and not until almost the close of the first-half were the Williamsporters able to again cross the Academy goal for another touch-down and goal. Score: 12 to 0. No more scoring was done in this half and time was called with the ball in the middle of the field.

When the second half commenced the Academy boys jumped into the game with a vim and a dash that was almost irresistible to the visitors and the ball was pushed up to their 15 yard line. A fumble lost the ball for the Academy and a kick by Williamsport sent it out of danger. After this the Bellefonte boys were never near scoring and the visitors after a hard tussle succeeded in again crossing the goal for their third and last touchdown. Another goal was kicked. Score: 18 to 0.

The Academy boys put up a better game than was expected although they were still painfully weak at Center. Hastings put up a first-class game at full-back, his kicking equalling that of Young, the full-back for the visitors. His tackling was low and hard and many times the visitors' backs were downed before they could make any gains. Eldredge won rounds of applause by his quick breaking through the line and tackling the man after the ball had been kicked before he could gain an inch. Lane and Capt. Hughes played well as also did Curtin, the latter making good gains through the line.

For the visitors Young and Shaw played best, the former's punting and the latter's running being responsible for many of the visitor's gains.

The teams lined up as follows:

Williamsport	Positions.	Bellefonte.
Shaw	L. end	Dorworth
Harmon	L. tackle	Rothrock
Moffe	L. guard	Eldredge
Wilson	Centre	Rulofson
Trayer	R. guard	Roan

Russle	R. end	Lane
Young (captain).	Qtr.-back.	J. R. Hughes.
Page	L. half-back	J. Curtin
Lyon	R. half-back.	Henderson, Sheffer
Gibson	Full-back	Hastings

Touchdowns—Page, Gibson. 2. Goals—Three by Young. Referee—Bush. Umpire—Pefer Linesmen—H. L. Hutter, T. Mitchell.

TROUBLE FOR TWO.

Centre County's List of Prisoners Increased on Monday Evening.

Centre county continues to have its share of the crime that is being committed throughout the state. On Monday evening Policeman Funk, of Philipsburg, brought to Bellefonte and lodged in jail J. S. Bennett, aged 32 years, of Philipsburg, charged with adultery and forgery. On the same evening Constable Martin Cowher, of Port Matilda arrived in Bellefonte having in custody Harry Frantz, a 15 year-old boy who was arrested near Sandy Ridge on Sunday for stealing a horse from a man named Gray, living near Stormstown. Both cases will come up in the November term of court.

A Warning to the Public.

On Oct. 21, 1889, Chas. L. Gates took control of the Bellefonte REPUBLICAN and continued in its management until Jan. 1, 1892, since which time he has had no control of the paper and no authority to collect bills and receipt for same. He was an employee of the office from Jan. 1, 1892, until Sept. 28, 1895, when he severed his connection with the paper in every way. All bills due the paper from Oct. 1, 1889 to Jan 1, 1892, are due and payable to Mr. Gates, but no bills for any other time are due him. Some days ago we received a letter from A. L. Whitehill, of Lemont, in which he stated that he had paid for his paper to Jan. 1, 1896. An examination of our books showed that he owed a bill of six dollars to that date and we forwarded him a statement of the account. To-day we receive the following reply:

LEMONT, Nov. 19, 1895.

DEAR SIR:—Your letter received this evening and was surprised to get another dun for my subscription to the REPUBLICAN I am glad to say that I paid my subscription up to Jan 1, 1896. I paid 'Squire Thompson at the College 29 cents and have his receipt and the balance $6.00 I paid to C. L. Gates on Oct. 3d, and have his receipt. I hope this will be satisfactory. A. L. WHITEHILL.

Mr. Gates left our employ on Sept 28. He collected six dollars from Mr. Whitehill on Oct 3 he has traveled over other parts of the county and we do not know what other bill he may have collected and we feel compelled to warn all our patrons against paying any money to Mr. Gates as he has no authority to collect our bills, and money paid to him never reaches us. Mr. Whitehill as well as everybody else should take better care as to who they pay money. It is over four years since the name of Mr. Gates has appeared in the paper as publisher. Why do not our subscribers and patrons send the money to this office where it will be sure to reach the proper hands and be credited on their account. As our books stand now, Mr. Whitehill owes us six dollars although he says he has paid the bill to Mr. Gates and holds his receipt. As far as we are concerned he might just as well have paid it to one of his neighbors and taken his receipt, however if Mr. Whitehill will call on us when in town we can arrange the matter but bring the receipt along.

Boy, Bee and Cow.

An exchange says, that an humble boy with a shining pail went singing gaily down the vale to where a cow with a brindle tail on alfalfa did regale. A bumble bee did gaily sail over the soft and shady vale, to where the boy with a shining pail was milking the cow with a brindle tail. The bee lit on the cow's left ear, her feet flew up through the atmosphere, and through the leaves of a cottonwood tree, the boy soared into eternity

HARPER'S BAZAR for November 23d will be a superb Thanksgiving number with a decorative cover and an extra supplement. It will be immensely attractive in fashion features, in pictures of beauty and style from the Horse Show, and in a variety of illustrations suitable to the beginning of the gay New York winter. Stories by Margaret Sutton Briscoe, Priscilla Leodard, and Marion Harland will add to the interest of this striking issue of the BAZAR.

—Miss Enid Yandell, who is designing one of the main fountains for the Tennessee Centennial Exposition, has sent from Paris a proposition for the construction there of a statue of Minerva twenty-five feet high to be placed in front of the Parthenon near the larger lake. The proposition is under consideration.

BOLD ROBBERY AT THE JAIL

A Sneak Thief Steals Money Within a Few Feet of Prison Cells.

HE CRAWLED UP A LADDER

And Entered a Bed Room While the Inmates of the House Were Sleeping—No Clue as to the Identity of the Robbers.

A common occurrence is that of robbers visiting a jail after they have been detected in some robbery; but such a thing as going to a jail to rob is something entirely new in this section of the state.

One of the boldest robberies ever recorded in the annals of crime in Centre county has just come to light. About a week ago painters commenced to repaint the woodwork on the exterior of the jail building. They used long ladders to reach the high wooden cornices and at night time they would leave these ladders stand. On Monday the workmen were using the ladders as usual and that night they left them leaning up against the wall. During the night some person or persons crawled up one of these ladders and stole a pocke book containing about five dollars from the bed room of Miss Nora Koch, a maid employed at the jail. The room from which the money was taken is only a few feet from the iron cells and not many feet from the home of Chief Police Montgomery, his house standing directly opposite the jail building. Nobody saw the robbery committed but nevertheless the ladder was moved from where it had formally been placed and fixed up against the window and the next day Miss Koch discovered her money was missing. It is without exception an unparalleled case of robbery. There have been many thefts in Bellefonte but this is the first time the robbers have been bold enough to go right in the jaws of justice to practice their thefts. There is no clue as to the identity of the robbers.

Tours to the Golden Gate and Florida via Pennsylvania Railroad.

That the public are quick to recognize the advantages of the Pennsylvania Railroad Company's perfect personally-conducted tourist system is exemplified by the annual increase in the number of participants in tours organized under that system. Aside from this, the growing desire of Americans to see the wonders of their land is also an important factor in advancing this healthy sentiment in favor of travel.

This season's tours to California will be conducted in all respects as those of preceding years, and will leave New York and Philadelphia February 12 and March 11, 1896. On the first tour a stop will be made at New Orleans for the Mardi-Gras festivities, and four weeks will be allowed in California. On the second tour four and one-half weeks will be allowed in California.

In addition to the tours to the Golden Gate, a series of tours to Jacksonville has been arranged. The tours will leave New York and Philadelphia January 28, February 4, 11, 18, and 25, and March 3, 1896, and allow two weeks stay in the "Land of Flowers."

Detailed itineraries of these tours will be sent on application to Tourist Agent, 1196 Broadway, New York, or Room 411, Broad Street Station, Philadelphia.

—An exchange says a cigarette is a little roll of paper, tobacco and drugs with a small fire at one end and a large fool at the other. Some of its chief enjoyments are condensed nightmare, fits, cancers of the lips and stomach, spinal meningitis, softening of the brain, funeral processions and families shrouded in gloom. There are plenty of subjects left, however, who are perfectly willing to undergo the trials of such a nature for the sake of putting on a certain amount of style.

—The Beech Creek company has decided to discontinue the running of the Pullman cars over its line, but the morning train east will continue the connections a Williamsport with these through cars.

—Bellefonte is at present flooded with counterfeit money. It seems to be in the hands of almost everybody in town. A gang of tramps who were camping near town a short time ago are supposed to have been making the "queer" stuff and passing it on our merchants."

BUSH IS BEATEN.

Harder of Clearfield Elected by a Big Majority.

For several months there has been considerable hustling among the wheelmen of the fourth district of the L. A. W. A. district representative was to be elected and hence all the hustling. The two candidates in the field were J. H. Harder of Clearfield and Geo. T. Bush of Bellefonte. The fight waxed hot and at times the local club has been on the verge of disbandment Both candidates worked hard to win and a large vote was polled in the district. The result was announced on Monday which was to the effect that Harder had received 114 votes and Bush 68, consequently the latter was defeated. The result of the election clearly shows the feeling of the wheelmen in this district as to who they wanted for their representative. While Mr. Harder is not a Bellefonter we wish him success during his term of office.

A Bellefonter's Success.

Everybody in Bellefonte knows Ed. Speer, the brother of Francis Speer of the *Gazette*, and will no doubt be glad to hear of his success thus far in life. We clip the following from the Hoxie *Sentinel* Sheridan County, Kansas, to let the people know how he is getting along. That paper says: "L. M. Speer has resigned his position as Assistant Cashier of the Sheridan County Bank, and accepted a position as telegrapher for the C. and A., Railroad Company at Louisiana, Mo. Mr. Speer left Thursday evening for Louisiana, and his family will follow him in a short time. We regret very much to lose Mr Speer and his estimable family, but wish him unlimited success in his new field and heartily commend him and his family to the people of Louisana as most worthy citizens."

An Able Discourse.

Rev. Wiliam Laurie D. D., pastor of the Presbyterian church of Bellefonte preached a able and logical sermon at the A. M. E. church last night to a large congregation. Dr. Laurie is learned and yet [illegible] by him in its power is like the great law of gravitation. Making no noise, its voice is not heard; yet governing, controlling, keeping the minutest atom in its place, and the most magnificent orb within the limits of its orbit. Its influence is not like electricity—confined and sparkling; but, like the electric power that runs through all nature giving beauty to the tints of flowers, and making man God, the harmony of all created things. Dr. Laurie is a demonstration in vindication of the truth that strong preachers have ever been Bible-preachers, and that the Bible is the battery through which the Holy Spirit illuminates and saves.

Winter Excursion Tickets on the Pennsylvania Railroad.

On November 1 the Pennsylvania Railroad Company placed on sale at its principal ticket offices excursion tickets to all prominent winter resorts in New Jersey, Virginia, North and South Carolina, Georgia, Florida and Cuba. The tickets are sold at the usual low rates.

The magnificent facilities of the Pennsylvania Railroad, with its many connections, make this the favorite line for winter travel.

An illustrated book, descriptive of winter resorts, and giving routes of travel and rates for tickets will be furnished free on application to ticket agents.

—Some of the detached buildings of the Tennessee Centennial Exposition will be: A big black cat, containing restaurant and lounging room, built by the Hoo Hoos, a wealthy organization of lumbermen and railroad men; a large house made entirely of native coal and one of native marble; a club house erected by the Knights of Pythias; a large wigwam built by the United Order of Redmen; a Children's Building, for which the children of Tennessee raised the money; an edifice as large as the main buildings, built by the Nashville, Chattanooga & St. Louis Railway, and a handsome structure for the display of relics of the late war.

—An oyster supper and social will be held at the Lutheran parsonage, corner High and Penn streets, under the auspices of Mrs. Hoshour's Sunday school class tomorrow, Thursday evening. The young ladies have prepared some surprises in the way of tableaux and charades, which they will render during the evening. Oysters will be served during the evening in every style, beginning at 5.30 o'clock. Come and get your supper. Ice cream and cake and other refreshments will be served by the members of the class. Proceeds for benefit of the church. Come one and all, help a good cause, and have a pleasant time.

FUNERAL OF JUDGE BENJ RICH

Last Rites Performed at His Late Residence To-day.

CENTRE COUNTY BAR ATTENDS

A Large Concourse of Sorrowing Friends Follow the Cortege to the Grave.

The funeral services over the remains of Hon. Benjamin F. Rich, Associate Judge of Centre County were held at his late residence at Unionville at two o'clock Wednesday afternoon. The services were largely attended as the deceased was well known throughout the county. Two carriage loads of people from Bellefonte drove up at 12 o'clock. They were the representatives of the Centre county Bar. Others from this place went up on the morning train and returned in the evening. The services were unusually impressive and the deep grief manifested on all sides, as the funeral procession slowly made it way to the grave, showed that the deceased had been a landmark whose removal from this earth was hard to bear. The pall bearers were members of the bar and were the following named lawyers: C. P. Hewes, E. R. Chambers, W. C. Heinle, W. E. Gray, D. F. Fortney and Clement Dale.

A meeting of the Centre County Bar Association was held to take suitable action upon the death of the Honorable Benjamin Rich Associate Judge of Centre County.

The meeting was called to order at four o'clock on Tuesday afternoon, Nov. 19th, 1895, in the Arbitration Room:

On motion of E. R. Chambers, seconded by William Heinle, Clement Dale, Esq., was elected chairman of the meeting and on motion of W. C. Heinle, seconded by E. L. Orvis, Harry Keller, was elected Secretary:

On motion of W C Heinle, seconded by E. L. Orvis, the Chair was authorized to appoint a committee of five to prepare a minute and appropriate resolutions upon the death of the late Judge Rich, to be presented at the next Court of Common Pleas. The Chair appointed as members of this committee, Hon. A. O. Furst, C M Bower, W C Heinle, E L Orvis and John Blanchard:

On motion of E. R. Chambers, seconded by William C. Heinle, it was resolved that the Centre County Bar Association should attend in a body the funeral of the late Judge Rich, to be held November 20th, 1895, at 2 o'clock P. M.

On motion, properly seconded, the Chair appointed the following gentlemen as special representatives of the Bar Association at the funeral: Hon. A. O. Furst, D. F. Fortney, E. R. Chambers, C. P. Hewes, W. E. Gray, and H. C. Quigley.

After short appropriate remarks by William C. Hienle, E. R. Chambers, H. C. Quigley, Clement Dale and others, the meeting adjourned.

Lost Her Bloomers.

Chicago, Nov. 17.— Mrs. Leonie Cook, of Lake avenue, yesterday lost her bloomers and almost her life in the cause of woman's progress. She is an intimate friend of Mrs. John Kilroy, of No. 422 Forty-first street, and usually calls several times a week. Mrs. Kilroy has a big St. Bernard dog which has been on friendly footing with Mrs. Cook. Mrs. Cook thought she would surprise Mrs. Kilroy to-day. She put on bloomers, and when she entered the hallway of Mrs. Kilroy's house the dog caught sight of her. He bounded forward and seized the bloomers. He shook Mrs. Cook until he tore the garment to shreds.

Mrs. Cook had been knocked down by the animal, and she screamed until the whole neighborhood was alarmed. The dog never let up, even when his mistress Mrs. Kilroy, came running out of her rooms, calling on him to desist. He stripped every vistige of bloomers from Mrs. Cook's person, and in doing so bit Mrs. Cook and injured her severely. She was taken to a doctor's office on Cottage Grove avenue, where her wounds were dressed.

—The total receipts of the missionary society of the Methodist Episcopal church for the fiscal year ending October 31, 1895, were $1,242, 650.73, an advance of $58,550. 36 over last year.

COUNCIL IN REGULAR SESSION.

Matters of Interest Taken Up and Disposed of In Order.

The regular meeting of council convened on Monday evening with every member present with, at first, one or two exceptions. President Miller being absent when the session commenced, George Bush was elected pro tem. Mr. Miller arrived a few moments later but did not take his regular place at the head of the table.

After the usual few preliminary remarks had been gone through with the council got down to business.

The Street committee reported that Pike alley had been graded and was now in good condition. The dead leaves on the different streets had been gathered up and burned. Boardwalks and gutters had been repaired where property owners had refused to do so themselves and the bills placed in the hands of the Borough Solicitor. Other streets and gutters had been repaired.

The Water committee reported that leaks in the water pipes in various places around town had been repaired and that other repairs were being made. Boiler No. 1 at the water works is at present undergoing repairs and boiler No. 2 had already been repaired and is now in good condition. The steam pump was reported to be running 12½ hours per day. A reply was read from the Insurance company relative to the recent test on the boilers at the water works, This committee also asked that H. C. Valentine be made a member of the committee as his assistance and advice in different matters were needed.

The Fire and Police committee reported that although they had instructed the burgess to secure helmets for the police, he had as yet failed to do so. They also reported that the police were not enforcing the borough ordinance which orders small boys off the streets after 8 p. m. They were instructed to order these things to be done at once.

The Market committee reported that $2.40 had been collected from Thomas Shaughensy, market clerk, as fees.

W. L. Malin asked that a lamp be placed at the corner of the alley near his house and Allegheny street. This was referred to the Street committee for investigation and to report result of same at the next meeting.

Monroe Armor again appeared and made complaint as to the condition of East Linn and Armor streets.

Miss Jane Brown complained of neighbors throwing garbage in the rear of her residence on Ridge street. The Nuisance committee was ordered to investigate the matter and to serve notices on the offending parties if it is possible to find out who they are.

It was instructed that orders be drawn for the following bills:

Water pay roll	$51.70
Street " "	70.85
Police " "	35.00
McCalmont & Co.	6.00
Thos. Shaughensy, market clerk	1.00
Total	$164.55

There being no further business for transaction council adjourned.

ADDIS TELLS HIS STORY.

Charges of Garbage and Paving Irregularities.

Philadelphia, Nov. 13.—Important testimony bearing upon the awarding and execution of municipal contracts in Philadelphia, was brought out by the Citizens' Municipal association before the Andrews senatorial investigating committee yesterday. Agent T. B. M. Addis, of the association, testified again and was examined by Lawyer A. T. Freedley, counsel for the committee. Continuing his story of street cleaning negligence, he showed how the contractors, who got their jobs on difficult specifications with which they were not required to comply, each saved thousands of dollars yearly by failing to sprinkle streets before sweeping them; then only partially doing the latter, and in many cases not at all. In the matter of failing to suitably cover ash carts alone, contractors saved about $6,000 a year. In 1893 the city appropriated $600,000 for the suitable incineration of garbage and its removal, yet Mr. Addis found that garbage was largely fed to hogs within the city limits, contrary to sanitary laws, as it had been before the large extra expenditure. This, he said, was with the full knowledge of at least a portion of the city's police department. Moreover, much of the garbage in the city was not collected as per contract this year, but was left to putrefy and breed disease.

Then came the most important testimony of the day, that on the ignoring of specifications in the matter of street paving. Mr. Addis said the passenger railways in 1893-94 had paved a total of 2,243,136 square yards, or about 122¼ miles of streets, without excavating 15 inches, as specified, or laying the specified concrete basis. "Not a square," said he, "was done with concrete foundations and fitted blocks." No attempt had been made to his knowledge to force compliance with the specifications; hence the paving was already full of hunches and depressions, as on Seventh, Ninth and Market streets. "There has not been a square yard of fitted block laid in this city," said Mr. Addis, "since the passage of the ordinance of April, 1893, requiring it."

"How many yards of streets were paved with Belgian blocks, by the city in 1893?"

"In 1893 there were 84,655.04 square yards of new paving which was paid for by the property owners, less the cost of intersections; and 104,145 square yards of repaving. The average cost for granite blocks that year was $3.85 per square yard This work was all contracted for to be fitted blocks, but fitted blocks were not used."

"Do I understand you to say that in 1893 the property owners paid $140,000 for something they didn't get?"

"Yes sir, for something they didn't get."

"And that the work could have been done for $140,000 less than it was done for?"

"Just so. Those are the figures."

Burglars at Flemington.

Robbers ransacked the home of Miss Tillie Gummo, at Flemington, last night, shortly after midnight. Miss Gummo discovered their presence and called for help. Amos Nearhood, who was passing on his way to the drug store, and Rev. F. W. Biddle, who lives next door, routed the burglars by firing several shots at them. Every room in the house was ransacked, but nothing of value was taken. The residence of Geo. C. McGregor was also entered, but nothing was taken—Lock Haven *Express*.

Found the Leak.

For sometime the workmen have been digging up the tar paved street in front of the Court house hunting for leaks in the gas pipes. On Wednesday afternoon a large leak was discovered in one of the pipes and when a match was applied quite a good bit of fire was made. It is thought this leak has been going on for fully ten years which means many dollars worth of gas lost to the company.

Must Have an Invitation.

The Undine select ball committee proposes to do away with admitting everybody to their Thanksgiving Eve ball. They are sending out invitations and only holders of these will be admitted. This is a good plan to prevent undesirable characters from attending.

They Consolidated.

The Bellefonte band is at present making arrangements to consolidate with the Logan Hose Co. No. 1. They will formally join the company at the next meeting which will be held in about a week. The band will not change its name owing to the make up of the charter.

A New Arrival.

The population of Bellefonte is gradually but surely being increased. A great big bouncing baby boy this morning arrived at the home of Mr. and Mrs. William Garman on East High street. Will has decided to let him stay and he was stamping letters at a lightning rate to-day. The new boy thinks his pa's a dandy.

WRECK ABOVE RENOVO.

One Man Killed, Another Badly Injured.

This morning a freight wreck took place on the P. and E. road at Howard's siding, fifty-one miles above Renovo. Five cars were piled up. William Randals, a brakeman was killed. The young man's remains were brought to his home in Renovo on day express. He was a single man and was about 20 years old.

Another man named Coleman was also badly injured in the wreck. Both his feet were so mangled and crushed that one was amputated at the ankle and the other below the knee. The man was taken to the Williamsport hospital this morning. Day express was delayed thirty-five minutes in consequence of the wreck.—Lock Haven *Democrat.*

The children of the town of Clitheroe in England, are not afraid to ask for what they want. According to an item in the Lancashire Daily Post a meeting of the children of Clitheroe was recently held in the market-place to petition the Town Council to provide them with play grounds There was a fair number prrsent. A boy named John Yates presided. It was decided to send the Mayor and Corporation the following memorial· "We, the children of Clitheroe, in the public meeting assembled, beg to lay before you our needs in the matter of play-grounds. We have none; if we play at all, we are forced to play in the streets. Then, by your instruction, we are liable to be pounced upon by the police and prosecuted. Such a state of things, we venture to suggest, is very unfair to us, and seeing that you are elected to your positions by our fathers and mothers, and as we are sure they would not object to pay a little extra in taxes for our benefit—we are perfectly aware that to provide play-grounds would incur expense—we beg of you to take the matter into your serious consideration, and do honor to ourselves by recognizing our needs and providing us with play grounds.

It would seem as if it ought to prove very difficult to the authorities to refuse to yield to so reasonable and respectfully framed a request as this. Certainly the future of the town of Clitheroe should be an interesting one, seeing what style of citizens it is likely to have when these brave little boys and girls grow up and "run things" to suit themselves.

A New Station.

Altoona, Pa., Nov. 13.—It is again rumored here that this city will have a new passenger station in the near future. A new station, warehouse and increased office room, together with the removal of the Logan house, have been subjects which have given rise to much talk. A prominent local railroad official to-day said he had heard the rumors, but had received no official correspondence on the matter. A gentleman closely connected with the Logan house stated that the talk started from remarks made by the president's inspecting party when here a short time ago. He asserted the plans for the new station had been prepared, but, not yet approved, and that the Logan house would not be done away with as a hotel, but that additions would be probably made to the building to provide for a passenger station, office room and the Railroad Men's Christian association. These improvements are likely to be made at any time.

Harper's Bazar for November 16th will contain designs for winter continues in sumptuous variety. A striking and picturesque concert toilette from the Maison Worth is drawn by Sandoz of gayety and social festivity is approaching, the BAZAR meets every need of the hour, both for out-door and in-door occasions. Among other beautiful illustrations, attention is called to an appropriate and comfortable skating dress drawn by Chapuis. An article of much interest, on "Athletics at Vassar, Cornell, and Wells," will appeal to women who keep a watchfuleye on Physical Culture. Mrs. O. B. Bunce will have a useful paper describing "Bride Tables.'

Found Dead in Bed.

Franklin, Pa., Nov. 13—Hon. S. B. Meyers ex-member of the legislature, was found dead in bed at his residence in this city this morning by his wife. Death resulted from heart failure caused by a severe attack of asthma. Mr. Myers was 60 years of age and leaves a widow and seven children.

IN TROUBLE AGAIN.

A Bellefonte Youth Trades Another Man's Horse for a Dog and is Arrested.

Again Amos Parsons is in trouble. This time it is about a horse. He is now lodging at Fort Condo on the hill. It seems that about a month ago he got a horse from John Sourbeck to keep for its feed during the winter. Amos kept the horse up until about two weeks ago when he traded it to Essex Kline at Hublersburg He got in return for the horse a dog and one or two other trifles which amounted to practically nothing. After making th trade he went to Jeanette and after staying there for several days he came back to Bellefonte. On Thursday afternoon Mr. Sourbeck asked him what had become of the horse, and Amos at first refused to tell him but afterwards acknowledged he did not haye it any longer. He told Mr. Sourbeck that the horse was now in the possession of Mr Kline at Hublersburg. A warrant was then sworn out and Officer Garis arrested Amos and took him to jail where he now is living. Mr. Sourbeck says if he pays for the horse together with the costs he will allow him to go free but if he does not, he must stand trial.

Wreck at Jersey Shore.

About 6 o'clock Saturday morning a wreck occurred on the railroad at Jersey Shore Junction. The result was that one man was killed and another very seriously injured.

It seemed that a freight train was waiting at the Junction and the engineer in charge of it, having been overworked, had fallen asleep. The train was waiting to allow another train to pass at that point before it pulled out. The engineer who had charge of the waiting freight woke up when he heard the other train approaching. He thought it was the 3rd. section and immediately pulled his train out and started off. He had gone but a short distance when his train crashed into the 4th section which was approaching on the same track. The collision was something terrible and for some time it was impossible to ascertain the extent of the damage done. After the confusion had subsided somewhat it was found that a freeman named McCabe was killed and another man seriously injured. McCabe was thrown head first into the fire box in the engine and the rescuers could not reach him owing to the fire and smoke. Two oil cars and two merchandise cars were also burned. Traffic was delayed for several hours until a wrecking crew had cleared away the debris.

Mexican International Exposition.

New York, Nov. 16—The great International Exposition of Industries and Fine Arts, authorized by the Federal Government of Mexico, by concession dated Jan. 9th, 1895, will be inaugurated in the City of Mexico and will remain open for a period of at least six months. It will probably be dedicated on April 2d, as a National Exhibit, and the formal opening of the International Exposition will take place on september 15th.

The Exposition is to include all kinds of industries, scientific commercial and artistic productions, and to embrace in fact, the whole range of human activity.

The Exposition grounds are situated at the foot of the historic Castle of Chapultepec, on the grand Avenue de la Reform, within ten minutes ride from the center of the City of Mexico, and comprises an area of over six hundred acres.

The Mexican Government in authorizing this great International Exposition, does so with a knowledge of the fact that if the Republic of Mexico is given the proper expansion to the export trade she will consume one hundred times the amount of imported goods she takes at present.

The Director General, and those who are aiding him, are thoroughly conversant with all that is requisite to carry out this, the first exposition ever held in the Sister Republic, and in such a manner as to reflect much credit on the Mexican Government, who have authorized and sanctioned this exposition under an Act of Congress and the official approval of President Porfirio Diaz.

The fact that an exposition of this kind will be of great interest to the manufacturers of the United States, has prompted the Board of Directors to open general offices at 45 Broadway, Aldrich Court, N. Y. where all necessary information can be obtained.

What is CASTORIA

Castoria is Dr. Samuel Pitcher's prescription for Infants and Children. It contains neither Opium, Morphine nor other Narcotic substance. It is a harmless substitute for Paregoric, Drops, Soothing Syrups, and Castor Oil. It is Pleasant. Its guarantee is thirty years' use by Millions of Mothers. Castoria destroys Worms and allays feverishness. Castoria prevents vomiting Sour Curd, cures Diarrhœa and Wind Colic. Castoria relieves teething troubles, cures constipation and flatulency. Castoria assimilates the food, regulates the stomach and bowels, giving healthy and natural sleep. Castoria is the Children's Panacea—the Mother's Friend.

Castoria.

"Castoria is an excellent medicine for children. Mothers have repeatedly told me of its good effect upon their children."
DR. G. C. OSGOOD, Lowell, Mass.

"Castoria is the best remedy for children of which I am acquainted. I hope the day is not far distant when mothers will consider the real interests of their children, and use Castoria instead of the various quack nostrums which are destroying their loved ones, by forcing opium, morphine, soothing syrup and other hurtful agents down their throats, thereby sending them to premature graves."
DR. J. F. KINCHELOE, Conway, Ark.

Castoria.

"Castoria is so well adapted to children that I recommend it as superior to any prescription known to me."
H. A. ARCHER, M. D., 111 So. Oxford St., Brooklyn, N. Y.

"Our physicians in the children's department have spoken highly of their experience in their outside practice with Castoria, and although we only have among our medical supplies what is known as regular products, yet we are free to confess that the merits of Castoria has won us to look with favor upon it."

MERCURIAL POISON

Is the result of the usual treatment of blood disorders. The system is filled with Mercury and Potash remedies—more to be dreaded than the disease—and in a short while is in a far worse condition than before. The most common result is

RHEUMATISM

for which S. S. S. is the most reliable cure. A few bottles will afford relief where all else has failed.

I suffered from a severe attack of Mercurial Rheumatism, my arms and legs being swollen to more than twice their natural size, causing the most excruciating pains. I spent hundreds of dollars without relief, but after taking a few bottles of S. S. S. I improved rapidly and am now a well man, completely cured. I can heartily recommend your wonderful medicine to anyone afflicted with this painful disease.

DEAR READERS:

We have heard from many of you during the brief period that our advertisement appeared in this space. Any others desiring full reports and statements can secure same by writing to us.

The further opening up of the South Central group of gold mines, and the erection of a Stamp Mill to reduce the company's ore to bullion, is a square, legitimate use of capital.

1. Mr. Barry, formerly of Cripple Creek, the Bonanza gold camp of Colorado, sold his interests there, and bought the Morning Star gold mine, a producer in the vicinity of the South Central group.

2. Captain Plummer, formerly of the Granite Mountain mine, is now working the Delamar Mine, a large producer in the vicinity of the South Central group.

As the Granite Mountain (Gold and Silver Mining Co.) stock rose from about twelve cents a share to over $50 a share, and paid from 25 cents to 50 cents per share per month in dividends, under the superintendency of Captain Plummer, we consider him a pretty safe guide to follow in mining, and we invite you to participate in thee nvestment.

—A feature of the Tennessee Centennial Exposition will be a steel tower 300 feet high with a great revolving crown of incandescent lights on top. As the crown revolves the lights will spell in dissolving shade the words: "Tennessee Centennial, 1896."

An article in the *Review of Reviews* for November, by Henry W. Lanier on international sports, calls attention anew to the proposed athletic meeting at Athens in 1896, which is looked forward to as a revival of the Olympic games. Preparations for this important contest are said to be actively going on.

—The amusement features of the Tennessee Centennial Exposition are being looked after carefully in the light of past experiences at other fairs and with an eye to novelty. There will not be an objectionable show among them and some good things are promised that have never been seen before. These attractions will be placed along an avenue half a mile long and 300 yards wide and they will come from all parts of the world.

—The centerpiece of the Tennessee Centennial Exposition will be a snow white Parthenon on a high terrace built on the lines of the original at Athens. In front it there will be a giant statue of Athene. Behind it two sweeping rows of Ionic columns will border a widening asphalt walk eading to the central entrance to the Commerce building. In front of the statue of Athene a bridge exactly like the Rialto at Venice will span an arm of the lake. At every available point about the grounds there will be a statue, a fountain, a column, an arch—something beautiful to th eye. Take in connection with this, twenty large white buildings, some colonial and some Greek in style, and numerous small ones, two lakes and a plaza, and an idea will be had of what the Tennessee Centennial Exposition will look like. The amusement features will be on an avenue leading from one side of the Exposition site proper.

—The Fine Arts Building at the Tennessee Centennial of 1896 will be a reproduction of the Parthenon at Athens. It is being constructed so as to be fire proof and Mr. Theo. Cooley, Chief of the department in charge, has already made arrangements for placing in it a splendid collection of American masterpieces.

A False Diagnosis.

La Grippe is confounded by many persons with a severe attack of catarrh, which in some respects resembles the former. These individuals suffer severely with pain about the forehead. eyes and ears, with soreness in throat and stoppage of the nasal passages, and in fact are incapacitated for work of any kind for days at a time. These are catarrhal sufferers. Ely's Cream Balm has been used with the best result in such cases. The remedy will give instant relief.

If you happen to get snowed, sleeted or rained upon, use the same preventive, and avoid the rheumatism or a dangerous cold. The agreeable warmth infused into the circulation by this genial stomachic, it invigorating and regulating properties commend it to all appreciative of the fact that prevention is better than cure. Use the Bitters for dyspepsia, billiousness, nervousness and kidney troubles sick headache and debility.

WASHINGTON LETTER.

From our Regular Correspondent.

Washington, Nov. 18th, 1895.

It seems odd that Washington should be so quiet with the date for the assembling of Congress only two weeks off, but it isn't. In the years when a new Congress assembles Washington is usually in a turmoil for several weeks before Congress meets, owing to the campaign for the nomination of Speaker of the House. This year there is no speakership campaign. It was settled when the votes cast at the Congressional election, last November, were counted that Hon. Thomas B. Reed, of Maine, should again be speaker of the House. There remains only the minor officers of the House to be determined upon, and, although the friends of the several gentlemen who are candidates for each of those offices are greatly interested, there is no national interest felt in the good-natured contest they are waging. So it is easy to understand why so few members of the House are in town and why everything is so quiet.

Major McDowell, the Pennsylvania candidate for the House clerkship, and Mr. Glenn, the New York candidate for Doorkeeper, have opened headquarters in the same hotel and they are understood to be working together. Ex-Representative Wade, of Missouri, may be a candidate either for Doorkeeper or for Post-master, and Captain Sherwood, of Michigan, ex-Postmaster of the House and of Washington, is also a candidate for the same place. Ex-Representative Henderson, of Ills., is a candidate for the Clerkship of the House, and he is said to have declined entering a combination as a candidate for Sergeant-at-Arms, a position for which Mr. Russell, the present Speaker of the Missouri House of Representatives, is a candidate. There are half a dozen candidates for Chaplain of the House, but the friends of Rev. H. D. Fisher, of Kansas, say he is certain to get it. At this stage of the campaign all the friends of all the candidates are playing their confidence to make votes, but until more members get to Washington there is nothing to base a prediction of the probable winners on, as most of the members will not comit themselves until they get here and look over the ground.

Senator Baker, of Kansas, wishing to familiarize himself a little with Washington life and surroundings before entering upon his senatorial career, has dropped in a couple of weeks a head of time. Although not disposed to push them forward, Senator Baker has opinions of his own, and, when asked, does not hesitate to express them. When asked what he thought the republicans ought to do at the coming session of Congress he said: "The most important question will be to provide the government the money it needs to pay its expenses. I see only two ways in which it can be done. One is to increase the duty on a number of articles which, like wool, for instance, are now admitted free, or upon which the duty was radically lowered by the democrtic tarriff law. I think we should give the President an opportunity to act upon a bill of this sort, although I do not believe he will sign anything we send him. That method of raising revenue failing the next thing to do would be to repeal the law under which he claims authority to issue bonds independent of Congress, and to authorize the issue of bonds in denominations of $50 and $100 which ought to be made legal tender and to draw about two per cent interest. These bonds would be taken up by the people with great rapidity and held, but their legal tender quality would make them available for the payment of debts. It might be claimed that this would be an inflation of the currency, but certainly no harm would result, even if some of the bonds passed as money.

Here is a nut for the free trade democrats to crack. Senator Gorman furnished it, when in the course of an explanation of why the republicans carried Maryland, he said: "The fact is that the protection sentiment in the state has largely increased. In my own county, for example, we have a number of woolen mills. Until very recently they have been run upon a rough and cheap class of goods In the last two or three years, however they have undertaken a higher grade of work, and in order to do it they have been obliged to import a large number of skilled laborers from Massachusetts and other New England states. Most of these men are republicans. A like condition exists in other counties. There has been a change, too, among democrats who are naturally inclined towards protection, and who believe that republican supremacy will not certainly insure a permanent protective policy. There is no question that the protection sentiment among all classes is now very strong, and many who believe in the doctrine have been disgusted by the business depression of the last two years. Naturally they turn to the party which is not in power for relief, especially in view of the fact that party has a consistent protection record."

Indications of an another bond issue in the very near future are daily becoming more numerous, and if the demand upon the Treasury for gold continues it may take place before Congress meets, although it is supposed that Mr. Cleveland would prefer putting it off until after Congress meets, so as to make it appear that Congress is partly responsible for it.

Consumption kills more people than rifle balls. It is more deadly than any of the much dreaded epidemics. Fully one-sixth of all the deaths in America are caused by consumption. It is a stealthy, gradual, slow disease. It penetrates the whole body. It is in every drop of blood. It seems to work only at the lungs, but the terrible drain and waste go on all over the body. The only way to get rid of consumption is to work on the blood, make it pure, rich and wholesome, build up the wasting tissues, put the body into condition for a fight with the dread disease. The cure of consumption is a fight—a fight between sound tissues and the encroaching germs of disease.

Dr. Pierce's Golden Medical Discovery fights on the right side. It drives the germs back, forces them out of the body. It will cure 98 per cent. of all cases of consumption if it is taken during the early stages of the disease. Its first action is to put the stomach, bowels, liver and kidneys into good working order. That makes digestion good and assimilation quick and thorough. It makes sound healthy flesh. That is half the battle. That makes the "Discovery" good for those who have not consumption, but who are lighter and less robust than they ought to be.

A large book of 160 pages, telling all about this wonderful medicine, will be mailed free on receipt of this notice and 6 cents to cover postage by WORLD'S DISPENSARY MEDICAL ASSOCIATION, No. 663 Main Street, Buffalo, N. Y.

CAUTION.—Buy of reliable dealers. With any others, something else that pays them better will probably be urged as "just as good."

Clews on the Reading.

If the assessment on Reading stock is to be 20 per cent and nothing given for it, as is currently reported, it would appear to be to the interest of stockholders to fight such a reorganization scheme to a finish. There can be no foreclosure, although threatened. The company is amenable to the new constitution of the State of Pennsylvania, and foreclosure would be a disastrous expedient as it would result in the disintegration of the property. Rather than that it is for the interest of all security holders that the property should continue in the hands of receivers. Reading's October coal business was the largest on record. The recent advence in the price of coal has already made the company many millions better off than it was; and as the future is now very bright for the anthracite coal trade, it is the opinion of many experienced coal people that the Reading Company can extricate itself from its present difficulties without unnecessary drastic treatment through the process of a speedy reorganization. Henry News.

Lotteries and the Mails.

Postmaster General Wilson has issued a general order to the postmasters throughout the United States in reference to the various foreign lottery companies whose matter is transmitted through the United States mail.

He says it has been made to appear to him on satisfactory evidence that the Honduras national lottery company, Paul Conrad, president, and a number of other lottery companies in Mexico, Canada, San Domingo and San Francisco are engaged in conducting lotteries or similar enterprises through the mails in violation of the anti-lottory law of the United States

He forbids postmasters to pay any money orders drawn to any of the parties named, and directs that the remitter be so informed. He further directs that any mail received by postmasters from these parties be sent to the office of mailing, to be delivered to the senders marked fraudulent. If the name of the sender cannot be ascertained the matter shall be sent to the dead letter office fraudulent.

Bloomers Not Allowed.

New York, Nov. 19.—So many complaints were made to the police about the crowds which were attracted by a waitress wearing bloomers in a Nassau street restaurant that Acting Captain Thompson applied to-day for a warrant for the proprietor's arrest. Thompson had previously consulted Assistant Attorney Battle who informed him that the man could be punished.

"Col." N. W Fitzgerald, owner of the restaurant, was arrested and later arraigned before Magistrate Kudlick. He announced that he had ordered the woman off and had abandoned the project of having "Bloomered" waitresses. He readily signed an agreement to discontinue the practice, and was discharged.

After Capt. Thompson had caused the arrest of Fitzgerald he sent for the policemen to keep the sidewalk in front of the restaurant clear. Fifteen lotterers were arrested, but seven of them were discharged, having proved to Capt. Thompson's satisfaction that they had merely stopped because of the crowded stated of the sidewalk All but two of those held live in Brooklyn or Jersey City.

Just after dark the acting captain saw in front of the restaurant W. B Van Houten, of Brooklyn, who is a property owner in that town. When the acting captain told him to move on. Mr. Van Houten asked for his authority and refused to go. The captain locked him up. All the prisoners will be arraigned to-morrow.

HIGH SCHOOL RHETORICALS.

Literary Exercises on Monday Afternoon Prove Very Interesting.

The weekly rhetoricals at the Bellefonte High School on Monday afternoon were as usual very interesting. A noticeable improvement is being made each week by the different students which is largely due to the careful training by the professors. The program carried out was as follows:

Singing by school—"Come where the wild flowers bloom."

Essay—"Coral" Clara Cole.

Dec—"Knowledge" Chas. Gilmour.

Essay—"A Day in the Woods" Clarence Harper.

Rec—"The Sculptor" Ida Runkle.

Dec.—"Posterity" Earl Aikens.

Essay—"The Tongue" Belle Wallace

Dec.—"The Sophmore vs. Junior Flag Scrap" Bert Blair.

Essay—"Ninevah" Will Dorworth.

Essay—"Look Before You Leap" Miss Carson.

Dec.—"True Fame" Frank Eckenroth.

Dec—"The Engineer" Jean McKee.

Essay—"The First Runaway" Lizzie Faxon.

Dec. "Imitation" Lucy Knox.

Essay—"A Journey to the Centre of the Earth" Daisy Keichline.

Dec.—"Appeal to Arms" Alfred Irvin.

Essay—"Going to Market" Elizabeth Rue.

Rec—"Going to School" Lilian Crittenden.

Essay—"How Flour is Made" Samue McClure.

Instant Relief for That Choking Sensation in Catarrh.

A pain in the head is not always headache, quite frequently this pain is caused by an inflamation that has excited in the passages of the head and the pain is from this inflamation. This is catarrh, and in this country there are few people who are not troubled with it in some form. The passages sometimes become so clogged from this inflamation that the mucous matter cannot find any exress, and the painful hawking and choking is simply nature's effort to create a passage. Some poor sufferers cannot sit through their breakfast, but are forced to leave the table to relieve the horrible congestion. Instant relief can be obtaided when one of these spasms seizes a victim by snuffing Pretzinger's Catarrh Balm into the nostrils thoroughly; almost if by magic the passages to the head will become open. The cause of this is that this balm is a salve containing healing camphors that instantly allay the iflamation. Catarrh of the head where it is of long standing, and where scabs have formed in the mucous membrane is rotting and the stench from it is insupportable, requires more than one bottle to effect a cure, but every case of nasal catarrh can be cured by the use of this Balm. A lady residing in Walnut Hills, Cincinnatti, said that one bottle of this, that cost her 50 cents, had done her more good than over $200 spent on other preparations. It can be obtained of all druggists, and is one of the simplest and most easily applied remedies indorsed by physicians. Pretzinger Bros., Chemists, Dayton, Ohio, will send small sample on receipt of two-cent stamp.

Harper's Bazaar

IN 1896

The twenty-ninth year of Harper' Bazaar, beginning in January, 1896, finds it maintaining its deserved reputation both as a Fashion Journal and a weekly periodical for home reading.

Every week the Bazaar presents beautiful toilettes for various occasions, Sandoz, Baude,and Chaplus illustrate and engrave the newest designs from the finest models in Paris and Berlin. New York Fashions epitomizes current styles in New York. A fortnightly pattern-sheet suppliment with diagrams and directions enables women to cut and make their own gowns, and is of great value to the professional modiste as well as to the amateur dress-maker. Children's Clothing receives constant attention. Fashions for men are described in full detail by a man about-town. Our Paris Letter, by Katherine De Forrest, is a sprightly weekly recital of fashion gossip, and social doings in Paris, given by a clever woman in an enter aining way.

Both the serials for 1895 are the work of American women "Mrs. Gerald," by Maria Louise Pool, is a striking story of New England life. Mary E Wilkins, in "Jerome, a Poor Man," discusses the always interesting problems of the relation between labor and capital. Short stories will be written by the best authors.

Special departments. Music, The Outdoor woman, Personals, What we Are Doing, Women and Men, report and discuss themes of immediate interest.

Answers to Correspondents. Questions receive the personal attention of the editor and are answered at the earliest possible date after their receipt.

The Volumes of the Bazaar begin with the first Number for January of each year. When no time is mentioned, subscriptions will begin with the number current at the time of receipt of order.

Remittances should be made by Post-office Money Order or Draft, to avoid chance of loss.

A PAINFUL ACCIDENT.

A Lock Haven Youth Falls Under Cruel Car Wheels.

On Tuesday afternoon about 4 o'clock John Miller, aged 16 years, a son of a widow living in Lock Haven was attempting to make a coupling in a freight train when he slipped and fell under the wheels. His one leg was cut off above the knee before he could be pulled out from under the cars. It was a pitiful sight but is only another instance of the many accidents happening daily on the railroads. The accident to this youth will be hard for his mother to bear as he was her main stay in life and supported her with his salary.

"A Trip Down a Pennsy Canal."

A trip down the canal! No fun in that thought I, in my supreme conceit. Later, however, I had reason to change my mind —always a woman's privilege, you know.

We left the dock at Bloomsburg at half past seven on a most beautiful August morning. The air was so fine and bracing that we young folks were forced to don our wraps to keep our teeth from playing a tattoo upon each other; but, oh! how good it seemed to be gliding down between two rows of the most delightfully picturesque old willows one has had the good fortune to see.

At Berwick, our first stop, we all clambered up the hill to purchase uneatable peanuts and candy of an indescribable kind merely from an overweening desire to "astonish the natives." A very pretty place is Berwick too, with its well kept and velvety lawns shaded by dear old trees.

At noon we steamed off from here and then came lunch. Such good things! Our chaperones were ideal—positively refusing any offers of assistance from the "girls."

Soon the first lock is reached. Such excitement and confusion as reigned when the lock began to fill and our little craft to rise towards the level. At last the up-gate softly sinks from sight and with a shout we are off again.

Two more locks are reached and left behind and at last Shickshinny is at hand and every one marches up the main thoroughfare to procure the ever-desirable soda. Here we were accused of "picking berries for a living," and sundry other things of which we were of course guiltless. A live "rattler" was shown us in a show case and made to "perform for the ladies."

After this we departed for pastures new.

After causing the proper amount of commotion a crowd of twenty girls is expected to make, we made "tracks" for the boat. About five thirty we "came about" and steamed towards home, waving goodbye to the friends on the dock.

It was an ideal moonlight night and to look up the still canal and see the moon throwing the shadows of the willows on the water was,—well indescribable, so just let your imagination, if you are the happy possessor of this faculty, have full play. Of course one did not care to talk. There was a snug corner where one could sit and dream and take in "the beauty and the wonder of the scene." The laughter that came rippling from the open cabin door positively grated on one's ear.

The first lock is entered and after a good bit of shouting and ordering one feels that sort of "gone" sensation experienced at the sudden drop of an elevator, and you vaguely imagine you are going down into the depths—of course not very *deep* depths —but one *does* wonder if we will ever stop. At last level is reached and away we go.

The law says that "after 8 p. m. none but steamers are allowed to pass through the locks" and they are charged half a dollar for that right.

Luckily we passed the last lock a few minutes before that time. All along near the locks, are anchored in line,Canal boats ready to start the next morning at four o'clock.

These canal boats are pulled by mules and horses which I must acknowledge are at least well fed, though they are often treated with shocking cruelty, poor things!

We passed Berwick without stopping and at the last lock we took an old, white haired passenger aboard who, it was mysteriously whispered, was one of the Canal Directors.

A good deal of jolly as well as sentimental (for was not each lonely maid thinking of her absent swain?) singing is carolled out to the sweet night air and then some unromantic soul sees fit to announce "Bloomsburg" and we all regret deeply that our little trip of fifty miles is over and is to be spoken of with bated breath as a thing of the past and connected only with the giddy days of our happy youth. F. M. B.

"Waiter did you hear what Mr.—— whispered to his broker just now, when you were at their table?"

"Yes sah."

"If I give you five dollars, will you tell me what it was?"

"Yes sah."

"Here you are, then."

"He was saying sah, as how Dr. Pierce's Pleasant Pellets was the only thing that properly regulated his bowels sah."

A COLD LEAP.

Two Young Ladies Take an Involuntary Bath at Mill Hall.

The Lock Haven *Express* says: Two young ladies from this city had a thrilling experience in Mill Hall on Sunday night. The ladies were Miss Bertha Heydrick, daughter of Mr. Frank Heydrick and Miss Annie Morton, of Renovo, who is visiting here as the guest of Miss Heydrick. They went out to Mill Hall in a trolley car for the purpose of calling on a lady friend. The night was very dark and after leaving the car at Mill Hall the ladies after passing the waiting station turned off to the right instead of keeping on directly up the road. Owing to the intense darkness they did not see that they were approaching the bank of Fishing creek and a moment later both stepped off the creek bank which at that point is ten to twelve feet high. The water is quite deep at that place and the bank very steep. The cries of the ladies for help were heard by Mr Hall, who was in the waiting station of the electric railway, and he ran quickly to their rescue and soon had them safe on dry ground again. They were taken to the residence of Mr. R. N. Mann, where they were kindly cared for and a physician summoned.

When Mr. John Hall, the gentleman who went to the rescue of the ladies, reached them, they were in the deep water, and it was with difficulty that he succeeded in preventing one or probably both of them from drowning until others came to assist him. Dr. Furst was called to see the ladies, and found Miss Heydrick had sustained several bruises but otherwise neither of them were hurt.

Miss Morton, who has but recently recovered from a severe illness, was considerably prostrated by the shock. Miss Heydrick and Miss Morton were brought to the residence of Mr. Heydrick in this city this afternoon.

A traveling salesman who went out from this city to Mill Hall on the car that preceded the one the ladies were on, had an experience similar to theirs. He went over the Fishing creek bank near Garth's bridge, but had no difficulty in getting out again without assistance.

Knocked Out By a Dynamo.

Hughesville Mail: John N. Hessler, who runs the dynamo and engine at the Citizens' electric light plant, had a narrow escape from death a few nights ago. At about 9 o'clock Mr. Hessler reached around the dynamo to arrange a bolt, when his little finger came in contact with the armature. He was knocked insensible. J. W. Scott, who happened to be there, saw the accident and immediately went to his assistance, dragging him out, and worked with him until he came to, which was a very short time. Had no one been there at the time Mr. Hessler was shocked he would have been killed. It was a very narrow escape.

Theater Seat Decision.

Cincinnati, Nov. 18.—Judge Wilson this afternoon decided that speculation in theatrical tickets is unlawful, and held that reserved seat tickets cannot be sold for a certain performance after the theater doors are open for that performance. A person buying a ticket for general admission after the doors are open is entitled to any seat in the house not then reserved.

This is in accordance with an ordinance passed in 1872, but which has been regarded a dead letter.

Princeton's Play Improves.

Princeton, Nov. 19.—Capt. Lea joined in the foot ball game for a short time today. This was the main cause for great all around improvement. Lea emphatically asserts that he will be able to play in the Yale game, and it looks now as if his statements were correct. The 'varsity did not experience the slightest difficulty in scoring 36 points to 4, in a 25-minute half against the scrubs.

The 'varsity backs went tearing through "Beef" Wheeler and over "Phil" King for enormous gains, often scoring a touchdown in six downs without once losing the ball. The offensive playing of the eleven has been developed wonderfully during the last few days of secret practice.

—Charles Kinzsley divided mankind into three classes: Honest men, who mean to do right, and do it; knaves who mean to do wrong, and do it; and fools, who mean to do whichever is pleasantest. Bellefonte has some of the first class; many of the second class; and a very large majority of the third class.

"MOTHERS' FRIEND"

Robs Confinement of its Pain, Horror and Risk.

My wife used "MOTHERS' FRIEND" before birth of her first child, she did not suffer from CRAMPS or PAINS—was quickly relieved at the critical hour suffering but little—she had no pains afterward and her recovery was rapid.

Before the people today, and which stands preeminently above all other medicines, is

HOOD'S Sarsaparilla

It has won its hold upon the hearts of the people by its own absolute intrinsic merit. It is not what we say, but what Hood's Sarsaparilla does that tells the story:—

Hood's Cures

Even when all other preparations and prescriptions fail.

"I had scrofula in a very painful and disagreeable form. I had three running sores on one of my limbs. I saw that Hood's Sarsaparilla had cured a similar case and determined to try it. I began using Hood's Sarsaparilla and am completely cured." JOHN RUSSELL, Espyville Station, Pennsylvania.

Vote of the Wheelmen.

Scranton, Nov. 18.—Seward H. Murray, of Pittsburg; P. S. Collins, of Philadelphia, and H. C. Wallace, of this city, committee on rules and regulations of the Pennsylvania division of the League of American Wheelmen, finished counting the ballots for the election of officers at noon to-day. The result of the balloting is as follows:

Chief consul, S. A. Boyle, Philadelphia, 1,330; Joseph P. O'Brien, Erie, 15; T. Hare, Philadelphia, 2. Vice consul, T. J. Keenan, Pittsburg, 1,295; scattering, 9.

Secretary-treasurer, J. J. Van Nort, Scranton, 1,132; Chas. A. Hertens, Erie, 24.

Representatives, W. H. Tucker, Philadelphia, 420; P. S. Collins, Philadelphia, 422; C. A. Dimon, Philadelphia, 404; A. H. Allen, Philadelphia, 421; A. H. MacOsen, Philadelphia, 410; Joseph Estoclet, Philadelphia, 412; Charles G. Wilson, Reading, 210; C. H. Obetter, Lancaster, 22; F. A. Gibson, Harrisburg, 207; J. J. McKee, Bethlehem, 208; C. A. Godfrey, Scranton, 188; Frank Dielrick, Wilkesbarre, 183; A. D. Knapp, Williamsport, 85.

J. E. Harder, of Clearfield, was elected representative from the Fourth dittrict over G. T. Bush, of Bellefonte, by a large majority.

Harvard Not Confident.

Cambridge, Mass., Nov. 19—The Harvard eleven took things easy to-day. The linemen did not even put on foot ball clothes, and the backs only did a little kicking. To-morrow the last real work will be taken in the form of another practice game with the Boston Athletic association team in the secret enclosure. The men seem to take to the light work and are playing better foot ball than a week ago. There is still, however, little hope among the students of a victory on Saturday. Considerable money was put up here to-day at odds of 2½ to 1 on Pennsylvania.

Donald is limping badly to-day, but he will probably start the game. When he goes out Houghton, who played in the freshmen game, will take his place. Eight thousand of the 10,000 seats for the game have been taken or applied for, and the rest will go on public sale to-morrow.

To Judge Speed of Trains.

Lately, since the railroads began trying to break the world's record with fast trains the traveling public has become exercised over the question, and travelers nowadays always make an effort to find out how fast the train on which they are is going. On private cars an automatic arrangement is attached that accurately registers the speed of the train. But speed can be computed another way. A person on a train will notice, if listening closely, a click as each rail is passed. If you take out your watch and count the number of clicks in twenty seconds you will have the number of miles at which the train is going an hour. This is always true as the rails are of uniform length. It is a system that is used by railroad men when no register is at hand.

The Usual Result.

Wilkesbarre, Pa., Nov. 18.—Late Sunday night John Lalkota, a Hungarian and Thomas McGuire quarreled at Luzerne borough, a suburb of this city. Lalkota drew a razor and slashed McGuire from the right ear to the mouth, cutting through the cheek each time and nearly severing the artery. McGuire will recover unless blood poisoning sets in. Lalkota was sent to jail without bail.

Cigar Factory C'osed.

Reading, Pa., Nov. 18.—The cigar factory of George B Moyer, of Womelsdorf was levied upon by the sheriff to-day on two executions amounting to $4,250. The execution creditors are A. L. Behney and G. E. Moyer.

Lawyers Bribes a Witness.

Philadelphia, Nov. 18.—The argument for a new trial for the convicted murderer H. Holmes, was heard today in the court of oyer and terminer, and this remarkable case furnished another sensation. One of the counsel for the prisoner produced an affidavit in court alleging to show that Pitezel, the murdered man, contemplated suicide. Amidst the silent amazement of the spectators and the shocked astonishment of the court, District Attorney Graham proved the affidavit to be false and showed that Mr. Shoemaker, the attorney of Holmes who offered it, had paid the women who swore to it $20 for doing so. Shoemaker was so overcome by this exposure that he could not make an explanation, and at the conclusion of the argument he was held in $1,500 bail by the court to answer to the charge of suboruation of perjury.

Holmes was in court during the argument, and he has failed perceptibly in looks since his trial. He has lost the prison bleach which paled his cheek and an athletic flush has taken its place. His eyes were bloodshot, and dark rings around them told of anxious days and nights. His manner was not as cool and unconcerned as it was during his trial, and he showed an almost feverish interest in the proceedings. As formerly, however, he retained his self possession and took notes of the district attorney's argument and prompted his lawyer during his address.

The argument consumed the entire day and the court reserved its decision, but from the questions asked by the judge it seems certain a new trial will be refused.

Colleges Played a Tie.

Washington, Pa., Nov. 18.—Washington and Jefferson and State College foot ball teams played a tie game here to-day, the score being 6 to 6. The game was the best ever seen here and the result a great surprise. W. and J. scored the first touchdown 15 minutes after the game was started. Brallier kicked goal. When the teams lined up again, State, by repeated end and center plays, carried the ball to W. and J.'s five-yard line, and Thomas made a touchdown. Walker kicked goal. The half ended with the ball on State's 10 yard line. Neither side scored in the next half, but the hardest playing of the game was done in this half. Brownlee's punting and the work of State's backs were the features of the game. In the second half Hoskins, physical trainer at State College, and B. E. Wilson, of this place, got in to a dispute and Hoskins struck Wilson in the face. This precipitated a general fight, which was quelled with some difficulty. No arrests were made and the game was finished.

No Hanging so Far.

Wilkesbarre, Pa., Nov. 18.—The case against James Fisher and Michael Kearney, charged with being implicated in the brutal murder of Barney Reick, will be put on trial Thursday. Jim Hendricks, the leader of the gang, was convicted, in the second degree and John Robison, an accomplice, pleaded guilty in the second degree and both are serving twenty year sentences. It is believed Fisher and Kearney will also plead guilty in the second degree. The four accomplices of Nelson Miller, the negro, who was convicted of blowing up a house with dynamite and killing four Hungarians will also be put on trial.

Ritter Stole $1,500.

Philadelphia, Nov. 19—The officials of the Tacony Saving Fund, Safe Deposits, Title and Trust company to-day made an examination into the accounts of Charles F. Ritter, the late assistant secretary and paying teller of the concern, who mysteriously disappeared on Saturday evening last, which revealed that Ritter had been systematically pilfering for the last three years. It was learned that the defalcation would not exceed $1,500.

—Basins for two lakes have been excavated on the grounds of the Tennessee Centennial Exposition. The smaller one is near the main entrance and will end in a waterfall. The larger lake is near the center of the plan and its shores will be lined with houses in the style of old Venice.

HE KILLED HIS CHILDREN.

Thomas Elwyn Makes a Determined and Successful Attempt.

Phœnixville, Pa., Nov, 15—Thomas Elwyn killed his two children and made what will apparently be an unsuccessful attempt on his own life at his home in one of a row of houses on Bridge street, a short distance below the Republican office this afternoon. It was just 1 o'clock when Elwyn's mother-in-law came rushing into Baugh's oyster saloon just across the street and announced in horror-stricken tones that Tom is killing himself. H. L. Ennis, H. L. Brownback and Fred Raysor, who happened to be in the saloon, rushed across the street to Elwyn's house.

When inside they heard groans from upstairs and following the sounds went up a dark and narrow stairway into the largest bedroom. It was a horrible sight that met their gaze in the darkened room. On the one bed lay three forms, Thomas Elwyn and his two children, all apparently dead. Elwyn himself lay in the middle with his little girl on his right hand side next to the wall and his boy on his left hand side at the outer edge of the bed.

Blood streamed and gushed from the throats of all three and told the cause and the razor that did the work lay near Elwyn's right hand. The two children were dead, although life could not have been extinct more than a very short time. Elwyn himself gave signs that life was still present and began to struggle to such an extent that it was necessary for the men to hold him. A messenger was sent for a doctor and an officer was stationed at the door to prevent the crowd which had gathered from entering.

Elwyn has had considerable unhappiness in his family lately and for the past few days had been drinking hard. To these facts is attributed the tragedy. Dr. Shoemaker arrived shortly after the tragedy was discovered and did what he could to save the man's life. It was found that his windpipe and Adam's apple were severed, but the would-be suicide had cut about a half inch too high to be promptly fatal. A tube was inserted for the man to breath through and he was then taken to the hospital. Elwyn is said to have expressed his intention to commit the deed last night to various persons.

The River League.

In conversation with Manager McNerney we learn that base ball will be revived in this city next year and a good club is a sure thing. He has already organized his team and secured the following players: C. H. Little, 1b, Hanna, 2b; Bickford, 3b, catcher and captain; Earley, ss; McNerney, lf; Wynn, cf; C. Shaffer, rf. The club will be strengthened by a couple of first class pitchers and catchers. Mr. McNerney would like to hear from the following towns with the idea of forming a league: Renovo, Williamsport, Sunbury, Bellefonte, Danville and Shamokin, the managers to meet in this city December 1 to make the necessary arrangements.

Manager McNerney could not say just where the ball park will be located, but would be somewhere along the line of the electric railway. The matter will be discussed at the next meeting of traction company and a suitable site selected. Outside towns interested in the proposed league are requested to address F. H. McNerney, 18 Bellefonte avenue, Lock Haven, Pa.—Lock Haven *Express*.

State Board of Health in Session.

Harrisburg, Pa., Nov. 14.—A regular meeting of the state board of health is being held at the capitol to-night. There is a vast amount of routine business for the consideration of the board and it will probably not adjourn until after midnight. Dr. Lee, the secretary, submitted a comprehensive report of the operation of the board during the past year. He referred to the stamping out of small-pox in Philadelphia and of the suppression of typhoid ever, diphtheria and other communicable diseases in many localities throughout the state. He also gave a full report of the complaint which has reached the board from different places and of the action of the board with respect thereto. There were also reports from the standing committees regarding the steps which have been taken to put into force and effect the health laws of the state.

The board has had much to do during the last few months and the meeting to-night was somewhat in the nature of a review of its operations.

Good Indians.

Carlisle, Pa., Nov. 15.—The sixteenth annual report of the condition of the Indian training school at this city, was last night sent to the commissioner of Indian affairs at Washington. The report is very lengthy and contains many important facts for congress to consider at the coming session in reference to the case of the Indians. There are 632 pupils in the school—378 males and 254 female—representing fifty tribes of Indians. The report refers to the money earned by the students during the outing season and how judiciously they spend it. The school is in a flourishing condition.

A Successful Operation.

On Thursday an operation was performed on Frank Miller of this place at the University Hospital at Philadelphia to remove the large growth which for many years has been on his neck. A telegram to-day stated that the operation had been made and that the patient was getting along all right.

Typhoid Fever.

* Rapid Convalescence

is experienced in this slow and dangerous disease, when the patient's strength is properly maintained until the crisis is passed. Don't force the stomach and other organs already weakened by sickness to wear themselvess out in a vain attempt to obtain nourishment from improper foods. Feed the sufferer with milk and

Bovinine

that great food product. It is absorbed immediately into the system with the least possible effort on the part of the various organs. Besides making new flesh and blood, it strengthens all of the vital centres, enabling them to expel existing poisons. It is a germicide, and antidotes the fever microbes. In addition, its beneficial effect on the ulcerated condition of the bowels, so common in this disorder, is marvellous.

Essay.

"Pay as You Go."

1)—Introduction—

John Randolph once declared that the philosopher's stone consisted of the words—"Pay as you go."

II He, who keeps this maxim in mind and heeds it even in this life's transaction has one source of wealth ever at hand. Fears no dim, for he owes no one. In the household, the maxim is as golden as in business.

The train of evils that debt occasion never fully estimated—Leads to discontent and proved often to dishonesty, restless nights, miserable days.

III. Conclusion—The seeker often wealth and happiness will do well to carry in his heart and practice in his life "Pay as you go."

A Generous Offer $200.00 in Gold Given.

R. H. Woodward Company, Baltimore Md., are making a very generous offer of $200.00 to anyone who will sell within three months 200 copies of "Talks to Children about Jesus." This is one of the most popular books of recent years. Agents often sell from 10 to 15 copies a day. It contains a great many beautiful illustrations, and is sold at a remarkably low price. They give credit and pay freight, and send complete canvassing outfit for 35 cents. It is just the book to be sold for the holidays. They also offer an Estey Organ, retail price $270, to anyone who will sell 110 books in three months. It is an excellent opportunity for a church or society to secure one of these organs. A $100.00 bicycle to be given for selling 80 copies in two months, or a gold watch for selling 60 copies in one month This premium is in addition to the regular commission. They have also published a new book, "Gems of Religious Thought," by Talmage, which is having a large sale. Same terms and premiums as on "Talks to Children about Jesus." Agents who do not get any of the premiums are given a liberal commission. They also make a specialty of other books and Bibles for Xmas holidays. Write them immediately. 3t.

COKE CONTINUES TO BOOM.

Last Week's Shipments the Largest in the Region History.

Scottdale, Pa,. Nov. 13.—The coke business reached high water mark last week. The shipments were 100 cars larger than for any single week in the history of the coke region. Of the 17,934 ovens in the region, there are 16,089 in blast, making nearly six full days a week. Production keeps up with the increasing shipments and reached 165,923 tons, an increase of 1,335 town for over the previous week The shipments amounted to 9.743 cars, against 9,556 for the previous week. Some stock coke was shipped, the production being 9,451 tons less than the shipments, which were 175,374 tons. The price of coke still remains at $1.60, which seems to be the only bad feature connected with the trade.

Died at Emlenton.

Mrs. Catharine S. Donnelly died at her home in Emleton last Sunday morning. The deceased was a sister of Dr. E. S. Dorworth of this place. The Emlenton *News* speaking of her death says:

Mrs. Catharine S. Donnelly, wife of John R. Donnelly, for many years a grocer in this place, died at the family residence on Shippenville avenue, at 1.30 o'clock Sunday morning.

Mrs. Donnelly had been ill since December, 1894. In June a large cancer was removed from her left breast, but this afforded her little relief. The disease went to her stomach, causing her death.

Her death was quiet and peaceful and her spirit took its flight while she was surrounded by her children and those beloved by her.

The funeral was held on Tuesday forenoon at 10 o'clock, services being conducted by Rev. E. A. Culley, of the Presbyterian church, assisted by Rev. C. Peters, of the Methodist Episcopal church, and Rev. Darbaker, of the Reformed church and was largely attended. The services were very impressive and the floral tributes beautiful. The interment was made in the Emlenton cemetery.

Mrs. Catharine S. Donnelly was a woman of many noble qualities, a good, faithful, wife and mother, and for years was a member of the Presbyterian church. She bore her suffering with Christian fortitude and was prepared for the great change.

The deceased was a daughter of Jonathan and Henrietta Dorworth and was born in Richland township, June 6th, 1841. She was twice married, her first husband being Robert S. Shoemaker. To him she bore two sons and three daughters. She was married to John R. Donnelly February 24, 1883. Two sons were born to this union, one, James, surviving. Besides these she leaves her husband and one sister, Mrs. Joseph Noel, of Oil City and one brother, Dr. E. S. Dorworth of Bellefonte, to mourn her demise. A brother, James Dorworth, lost his life in the fire and flood at Oil City, June 5, 1892.

Mrs. Donnelly was a member of the Women's Relief Corps No. 57, who preformed the funeral rite of that organization at the cemetery.

May Not Recover.

About three weeks ago Alexander McCoy of Potters Mills met with a very painful accident by having his hand crushed in a corn husker of which the DAILY NEWS gave a complete account at the time it happened. Owing to his old age the shock to his nervous system was very severe and there are grave doubts as to his recovery. Instead of getting better Mr. McCoy has gradually been getting weaker and it is now thought that it will be impossible to get well again.

Buried in Bellefonte.

The funeral of Miss Katharine Loughery, aged 22 years, daughter of Edward Loughery, division supervisor on the Penna. R. R. stationed at Bald Eagle, was held in Bellefonte from the morning train from Tyrone to-day. About twenty-five friends and relatives came from the late home of the deceased to attend the funeral. Consumption was the cause of her death. Interment was made in the Catholic cemetery in this place.

A SOCIETY ELOPEMENT.

The Clandestine Marriage of a Well Known Milton Couple the Talk of the Town.

Milton society is much wrought up over th elopment on Friday last of Lawrence B Fonda, the only son of Colonel H. A. Fonda, the millionaire, of Milton, and Miss Mary Helen McCleery, daughter of Dr. J. H. McCleery. one of the town's first citizens, who journeyed over the Northern Central railroad to Watkins, N. Y. They were met there by a school friend of the bride-to be, who just happened to be visiting at the home of a Presbyterian clergyman. At the latter's home the ceremony was performed before a very few witnesses. Saturday saw Mr. and Mrs. Fonda again in Milton as if nothing had happened.

Both families were considerably vexed over the affair, but an amicable feeling prevails between them. The contracting parties are well known in Williamsport society.—Williamsport *Gazette and Bulletin*.

Got a Big Verdict.

Lewistown, Pa., Nov. 15.—In the case of J. M. Goodhart vs. the Pennsylvania Railroad Company in a suit for damages for injuries received in a railroad wreck a year or more ago, the jury this morning rendered a verdict giving the plaintiff $28,076. The jury was out about 12 hours before reaching a conclusion. This is the second time the case has come up before the courts of this county, the second trial having been granted because the verdict was excessive. A motion was made for a new trial to be argued in December.

The Metal Overturned.

Harrisburg, Nov. 15.—One of the huge vessels filled with metal was overturned in the Bessemer department of the Pennsylvania steel works to-day and five men were burned more or less seriously. Two brothers William and Frank Given, were the worst injured.

No Truth in the Report.

Philadelphia, Nov. 15.—Officers of the Pennsylvania Railroad company stated this afternoon that there was no truth in the report that the company is making an effort to lease the Delawae, Schuylkill and Susquehanna railroad.

Counterfeit Money.

At the present time Bellefonte is flooded with counterfeit five and ten cent pieces. The imitations are of lead and of a very poor make. One store alone in town has refused about twenty of these spurious coins this week. Merchants should keep a close lookout for this kind of money.

The Philadelphia Press
For 1896.

Pennsylvania's greatest Republican family newspaper, The Philadelphia Press, will enter upon the new year under the most favorable conditions of its history.

A powerful agent in the national community, it is now more than ever a leader in news and able comment.

Its various departments have during the past year been greatly strengthened.

Pennsylvania is covered county by county, city by city, town by town. No other newspaper covers the State so well.

The Woman's Page of The Press has become one of its most prominent features and is eagerly sought by ladies.

In the matter of Amateur Sports The Press is also far in the lead and publishes more news on that subject than any other paper in the country.

The subscription price of The Press, per year, is: Daily, six dollars; Daily and Sunday, eight dollars; Weekly, one dollar.

The Press is the greatest want medium in Philadelphia and gives the lowest rates on that class of advertising.

THE GUNMAKER OF ILION.

Jefferson M. Clough, the Man Who Developed the Two Greatest American Rifles—The Remington and the Winchester

He Refused a Tempting Offer From the Chinese Government—His Health Would Not Permit His Acceptance.

From the Springfield, Mass. Union.

As the result of long and arduous attention to business for many years, Jefferson M. Clough, now of Belchertown, Mass., who has just turned sixty-five years, found himself disabled by muscular rheumatism, two years and more ago and was obliged to relinquish the position of general superintendent of the Winchester Repeating Arms Company, of New Haven, Conn., where he had been employed for eleven years at a salary of $5,000 for the first few years of his service, but which was increased to $7,500 by the voluntary action of the company. Previous to his service for the Winchester Repeating Arms Company he had filled the responsible position of superintendent at E. Remington & Son's armory, at Ilion, N. Y., for seventeen years; during which time large quantities of arms were made for foreign governments as well as our own, besides sewing machines and typewriters—Mr. Clough having perfected the first of the latter machines that was exhibited. After leaving the Remingtons and previous to making an engagement with the Winchester Arms Company, the secretary of the Chinese Legation in this country came to Belchertown and negotiated with Mr. Clough to go to China to build arms for the Chinese government; but the long delay in getting the answer from the Chinese decided him in accepting the offer to go to New Haven. It was during his service for the Arms Company he visited the leading armories of England, France and Germany in company with the vice-president of the company, in order to learn whatever new methods there might be in the manufacture of muskets. It was after this long term of active labor as a business man that, finding himself incapacitated for further service by the embargo which rheumatism had laid upon him, he resigned his position more than two years ago and returned to Belchertown, where he owned what was originally the Phelps farm, about three miles southeast of the centre of the town, in a retired spot where he has five hundred acres of land.

From this quiet home he began to seek a remedy for the muscular rheumatism which was located largely in the muscles of his shoulders, chest and back. He employed Dr. Holbrook, of Palmer, and received great benefit from his treatment for a time; but was so anxious to get in faster that he decided to seek another treatment, and being a man of means did not spare the cost, and was treated by baths at celebrated springs without receiving any benefit worth notice. He then tried various remedies advertised for rheumatism without receiving any good effect. During the summer of 1893 and the winter of 1894 Mr. Clough was confined to his house in Belchertown, being unable to rise from his bed without assistance, and suffering continually with acute pains and with no taste or desire for food, nor was he able to obtain sufficient sleep.

Early in the year 1894 Mr. Clough heard of Dr. Williams' Pink Pills for Pale People through his brother James M. Clough, of Easthampton, Mass., who came to visit him, and was induced to make a trial of them. He began taking these pills about the first of March, 1894, and continued to do so until the first part of September following. The first effect noticed was a better appetite and he began to note more ability to help himself off the bed and to be better generally. Last August (1894) he was able to go alone to his summer residence and farm of 163 acres on Grenadier Island, among the Thousand Islands, in the river St. Lawrence, where from the highest land of his farm he commands a view for thirteen miles down the river.

Instead of being confined to his bed Mr. Clough is now and has been for some time able to be about the farm to direct the men employed there, and he is thankful for what Dr. Williams' Pink Pills have done for him.

A Society Girl.

From the Oswego, N. Y., Palladium.

"For months I lived in an agony of fear; I thought surely I was going to die and friends greeted me as one not long for this world. Physicians were unable to help me and I believe that I would have died but for my brother writing to me from Detroit, Michigan, and recommending that I try Dr. Williams' Pink Pills for Pale People. I did so reluctantly and with little faith in their efficacy. I am cured now and I know that I owe my restoration to health to Dr. Williams' Pink Pills for Pale People, and to them alone."

That is the story Miss Elizabeth Williams, of 110 West Third Street, a lady prominent in society circles, told a reporter of the Oswego, N. Y., *Daily Palladium*, who called upon her at her home in that city yesterday. Miss Williams is the daughter of the late Capt. Wm. Williams, who was for many years master of some of the finest passenger steamers on the great lakes and an inspector and rater of hulls for the Lloyd's marine records on the lakes. Continuing the story of her illness in her own way, Miss Williams said:

"I was always regarded as healthy and robust by my family and friends; in fact, I hardly knew what sickness was until the winter of 1893-4. I was then taken down with an attack of la grippe from the attending effects of which I did not recover for months. There seemed to be a general break-down in my health and constitution, winding up in the early summer with nervous prostration and sciatic rheumatism. I can't describe my symptoms. My appetite was gone and for weeks I was unable to eat or relish food but sparingly. I lost flesh rapidly and was as thin as a shadow. Local physicians attended me constantly. After months of treatment I dismissed both and took my brother's advice and tried Pink Pills. He had found them efficacious for kidney trouble. Before I had finished taking the first box I noticed an improvement in my physicial condition. I began to relish my food and my rheumatism troubled me less. Gradually the general tone of my health improved and my rheumatic pains left me entirely. I regained strength and took on flesh, until to-day I regard myself as thoroughly free from all ailment and in perfect health. My friends noted my improvement and I have never hesitated to tell them what Dr. Williams' Pink Pills did for one sufferer. It is that others may be benefited that I make this statement and relate my experiences."

The foregoing is but two of many wonderful cures that have been credited to Dr. Williams' Pink Pills for Pale People. Diseases which heretofore have been supposed to be incurable, such as locomotor ataxia and paralysis succumb to this wonderful medicine as readily as the most trifling ailments. In many cases the reported cures have been investigated by the leading newspapers and verified in every possible manner, and in no case has the least semblance of fraud been discovered. Their fame has spread to the far ends of civilization and there is hardly a drug store in this country or abroad where they cannot be found.

Dr. Williams' Pink Pills contain, in a condensed form, all the elements necessary to give new life and richness to the blood and restore shattered nerves. They are an unfailing specific for such diseases as locomotor ataxia, partial paralysis, St. Vitus' dance, sciatica, neuralgia, rheumatism, nervous headache, the after effect of la grippe, palpitation of the heart, pale and sallow complexions, all forms of weakness either in male or female. Pink Pills are sold by all dealers, or will be sent post paid on receipt of price, 50 cents a box, or six boxes for $2.50, by addressing Dr. Williams' Medicine Company, Schenectady, N. Y.

A Fatal Runaway Accident.

Mauch Chunk, Pa., Nov. 23.—A terrible accident occured at Lansford last evening. Harry Buss, of Nesquehoning, was driving Harry Clarkson, of Philadelphia, a commercial agent, around Coaldale and Lansford, and was on the way to the Central railway station to make a train when the horse became unmanageable and ran into a freight on the Lehigh Coal and Navigation company's track. Both occupants were thrown out of the vehicle. Young Buss will not recover and Clarkson remained unconscious all night. The horse was killed.

A New Store.

Bellefonte is to have another wholesale grocery. The new one is to be located in the vacant store room next to the *Watchman* office and will be run strictly wholesale. The name of the firm is H. M. Snelling & Co., of Hatsburg. They expect to commence business about the first of next week.

Served Him Right.

Joseph Stevenson, a young married man of Ligonier, got whipped and arrested for writing an improper letter to a girl of that town. He asked her to meet him in a lonely spot. Her biggest brother kept the appointment. Stevenson felt hurt when the brother jumped on him from his hiding place. He was thrashed until he cried for mercy and was then taken to the justice of the peace. He was locked up and his case was turned over to Postoffice Inspector S. T. Hooten, who made an information against him for using the mails improperly. He will be given a hearing in Pittsburg this week.—Johnstown Democrat.

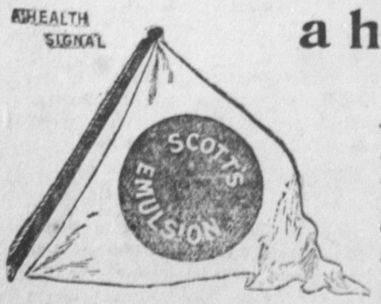
a health signal.



The baby's mission, its work in life, is growth. To that little bundle of love, half trick, half dream, every added ounce of flesh means added happiness and comfort. Fat is the signal of perfect health, comfort, good-nature, baby-beauty.

Scott's Emulsion is the best fat-food baby can have, in the easiest form. It supplies what he cannot get in his ordinary food, and makes the weak places to perfect growth. For the puny, sickly, it is growth. For the full-grown, new life.

ALCOHOL EXPLOSION.

Resulting in an $85,000 Fire in Boston Wednesday Afternoon.

Boston, Nov. 14.—The five story brick building at 200 and 202 Congress street, was gutted by fire this afternoon. It was occupied entirely by the Empire Distilling company. Several persons were injured, but only one seriously—James Connelly, a cooper. Little is known about the origin of the fire. There was suddenly an explosion of alcohol on the second floor, and in a minute two more followed. Then it seemed as though the whole structure was burning.

The flames communicated to the buildings of A P Tapley & Co., boots and shoes, and of Thompson & Norris, paper boxes, but the damage to each was slight. A panic was created among some forty-five girls employed in the Thompson & Norris factory. Some of them would have jumped from windows had they not been prevented, but all finally got out in safety.

A similar state of affairs occurred in the confectionery shop of W. M. Lowney, in the rear of the distilling company's building. Some 400 girls are employed there, and when the smoke from the burning building reached the candy factory the girls became panic stricken. Many of them fainted in the rush and excitement, but, as in the paper box building, all escaped injury.

The Empire Distilling company's loss is about $85,000, partly insured. The loss on the building was $10,000, insured.

Law for Undertakers.

At Harrisburg yesterday an opinion was given by Deputy Attorney General Elkin to J. L. Good, of Philadelphia, president of the State Board of Undertakers, as to the duties of the new board. He says the act of 1895 creating the State Board of Undertakers, applies to cities of the first, second and third classes. Any person desiring to do business in these cities must take out a licens or be registered under the provisions of this act. It is not the residence of the person in the undertaking business, but the place where he transacts it that decides whether or not a license should be issued. For instance, he says, if a person is a resident of, and undertaker in a borough adjoining the city of Philadelphia and does part of his business within the city he must take out a license or be registered to do business in the city.

Remarried to Get a Certificate.

Williamsport, Nov. 14.—James Gardner, aged 65, and Mary Lynch, aged 32 years, applied for a license to wed. They had been married fifteen years ago, but lost their certificate a short time afterward. This fact has ever been a source of much worryment to Mary, and to-day she prevailed upon James to be remarried. They got the license, as there is no law to prevent a husband and wife from marrying as often as they please.

A Partnership.

Ex-Judge A. O. Furst, of Bellefonte and John D. Dorris, of this place, have formed a partnership in the law business, with office at 403 Penn street. Judge Furst will continue to reside at Bellefonte but will come to Huntingdon for consultation when occasion requires. The firm is a strong one, and has our best wishes for success.—Huntingdon *Local News*.

In Business Again.

Ever since G. W. Rees retired from the grocery firm of Schreyer and Rees, he has been arranging to go into business for himself. He has now rented the vacant store room in the Eagle building on Allegheny street and will there commence business again. At present Mr. Rees is in Philadelphia buying his stock of goods. We wish him much success.

Howgate Goes Up Eight Years.

Washington, Nov. 14.—The district court of appeals to-day sustained the verdict of the criminal court in the case of Captain H. Howgate, the former disbursing officer of the signal service. The criminal court fixed his term of imprisonment at eight years.

The Attempt Failed.

Williamsport, Pa., Nov. 14.—The attempt to create an artifical flood in the Susquehanna river by building a splash dam at Lock Haven for the purpose of floating the 40,000,000 left of stranded lots into the Williamsport boom has proven a failure.

Soon to Start Up.

Sharon, Pa., Nov. 14.—The rolling mill of the Stewart Iron company, which has been idle for the last year is being prepared for resumption on Dec. 10.

The Bucknell foot ball team will meet the Carlisle Indians on the campus at Lewisburg on Saturday. The Indians will be remembered as having given Pennsy such a hard tussell, and as having held Yale down to the comparatively low score of 18-0. Bucknell's eleven have been reinforced since the State College game and are being coached by Wm. Young, of Williamsport.

"Josh" Hartwell Yale's famous all-around coach, has this to say regarding the coming contest with Tigers: "Yale's chances for victory depend entirely on the improvement she makes before she meets Princeton. She certainly has more room to improve, for she has not reached her maximum as yet. For this reason Yale ought to have a good chance to win."

"Bill" Stuart and Charley Atherton were opposing full-backs in the Pittsburg Athletic Club Greensburg game at Pittsburg last Saturday. The former team with whom Stuart is associated, were the victors.

The University of Pennsylvania team and coaches will leave the beginning of next week for some secluded spot in New England, where they will remain until the eve of the game with Harvard.

Will Raise an Endownment.

Lancaster, Pa., Nov. 13.—At to-day's session of the convention to consider the advisability of creating a bishop for the Lutheran church, Rev. C. Elvan Haupt was elected secretary to prepare the proceedings of the convention for publication. Rev. G Bierdmann, of Utica, N. Y., delivered an address on "In what way can the episcopate be best introduced and established in the Lutheran church in our country?" in which he recommended the raising of an endownment fund of $50,000 subscription. He said the episcopacy must be secured from the proper source; it is perpetual and historic and must be restored in its unbroken succession. Historic episcopacy could be maintained by going to the Scandinavian Lutheran church for a bishop. This view was also favored by several others. Rev. C. L. Fry believed it would be difficult to introduce a Swedish bishop, because it is something foreign.

The final session was held this afternoon when Rev. S. A. Zelgenfuss, of Mount Airy delivered the address on "The Answer to Objection."

Coffins for Two.

Louisville, Ky., Nov. 13.—A special to the Post from Frankfort says:

"Gov. Brown and W. H. Newall, a clerk in the auditor's office, quarreled in the state house yesterday, passed the lie and would have come to blows had bystanders not interfered. Newall had accused the governor of voting the Republican ticket and acting the part of a traitor. The executive responded with an emphatical denial, and one of the men struck at the other, when friends of the two separated them. It was claimed that Gov. Brown tried to drawn his revolver, but he denies that he was armed.

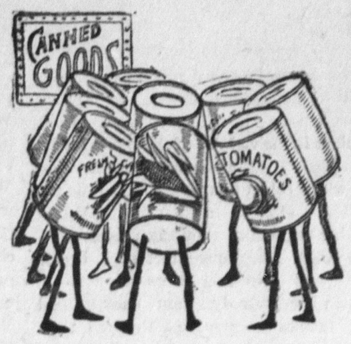
More About Scalp Bounties.

The Commissioners of Venango county have decided to pay no more scalp bounties. They base their decision upon the fact that several Pennsylvania Courts have declared the Scalp Bounty unconstitutional. This action will save the county over $500 per annum.

Given a Hearing.

The Lock Haven Democrat says: Jerome Zimmerman and Mrs. Parker, the eloping couple, were given a hearing this afternoon before Alderman Anthony. After the testimony of several witnesses was heard, the accused were remanded to jail pending the rendering of the alderman's decision.

Canned Goods.



The day is gone when it pays the housewife to wear out her health and temper canning fruit and vegetables. These things are now done most economically by the modern American plan on a mammoth scale. The result is that the finest canned goods in the world are sold at such prices as make it impossible for any lady customers to make it profitable to waste their time canning fruit and vegetables. You can buy tomatoes for instance for a few cents a price less than the coal would cost for anyone who would prepare them at home, almost less than the empty cans would cost. The EUREKA GROCERY have a fine stock on hand and will in a few days receive a large shipment of them. Also all kinds of Groceries. Call and see their goods and price them.

—It would have been a better investment if the paved street in front of the Court house had been made of brick instead of tar pavement. The latter makes a first class job but the net work of pipes in that part of town necessitates considerable tearing up of the street. If the street had been paved with brick it could have been repaired more easily after the pipes had been mended.

SHOT AT MIDNIGHT.

A Drug Store Clerk's Wild-Western Experience—How It Ended.

About halfpast one o'clock Sunday morning the inhabitants of this quiet and peaceful village were aroused by the report of a revolver in the vicinity of the Court House. Immediately upstairs windows were raised and white robed figures peered cautiously this way and that. At first they could see nothing but finally they saw a man running down Allegheny street at a breakneck speed. Nothing more was heard or seen and everybody went back to bed with fancies scurrying through their minds of everything from cold blooded murder to down to common fruit thieves as being the cause of the sudden gunshot and hurrying of feet in the by this time quiet street below.

With the coming of day-light everything was explained and cleared up much to the relief of nearby residents.

It seems that at about the above stated hour William Runkle, the iron-nerved clerk in Zeller's drug store, was awakened by the loud ringing of the night bell. As it is his business to sleep in the store in case of night calls for drugs, he immediately got up and dressed to go and see what was wanted. His sleeping apartments are in the back part of the store and as soon as he got up he turned on the electric light. When he peered out in the store room he saw the figure of a man crouched in the corner of the store door and he called to him and asked what he wanted. He received no answer at first and then, as he says, the man would only reply that "he wanted in." Will again asked what was wanted and three times he got the same answer. By this time the young clerk was commencing to get a little bit scared and just a trifle angry. He concluded that the midnight customer was only after "spirits of frumenti" and turning off the lights he undressed and went to bed again. The man at the door was becoming impatient and kept pulling the bell for all he was worth. As this continual ringing was rather annoying to one who was trying to go to sleep the, by this time thoroughly angered clerk, got up and disconnected the bell wire so the bell couldn't ring. This seemed to make the person on the outside all the more desperate and he commenced to rain boot thumps on the door at the rate, as Runkle says, of a thousand a minute. Will was now thoroughly convinced that the unknown man at the door was there "to do him up" and with thoughts of Holmes' murderers, Seely Hopkins' ghost and Andrews' grinning skull flitting through his mind, he immediately retreated to the rear end of the store and hid. The racket at the door however still continued and every minute Runkle was getting more badly scared. His knees commenced to knock together so hard that they could be heard for a square away but even this together with the loud chattering of his teeth seemed not to frighten the man at the door in the least, as the racket still continued.

A sudded realization that the store was under his charge and that it was his duty to protect it seemed to come upon him and he determined "to do or die." Crawling on his hands and knees all around his bed room he finally found his "trusty" six-shooter and with a cat like tread he crept towards his supposed foe. He had gone but a short distance when he happened to think that perhaps the other man might shoot also, and raising the revolver he took careful aim, closed his eyes, and fired. Not deeming it necessary to go out and look at the dead man he called up the night operator at the telephone exchange and told him to notify the police that they would find a corpse in front of Zeller's drug store in the morning. He then went to bed but he could not sleep as the image of the man he had so recently killed constantly loomed up before him. As soon as it was day light he got up and upon going out in the street he found a crowd of people all looking at a little hole in the store window about three feet from the door and about six feet from the pavement. He looked in vain for his dead man, but the only thing he could find was some shattered glass and a flattened bullet lying inside the window.

WEDDING BELLS.

They Ring Out Joy to a Well Known Bellefonte Couple.

On Thursday evening about sixty-young people assembled at the home of Officer William Garis on East High street. The object for gathering there was to witness the marriage of Mr. Clarence E. Taylor of Milesburg and Miss Emma C. Garis. The wedding ceremony was performed by Rev. C. C. Miller pastor of the United Brethren church of this place. Promptly at the appointed hour the wedding couple appeared and the nuptial knot was tied. Miss Mary McGiuness was the bridesmaid and Mr. John Kelley was the best man.

After the wedding ceremony refreshments were served. Everything that was pleasing to the appetite was served and for over an hour the guests chatted about the tables. The groom is an industrious youngman and will make a model husband. He is employed at the chain works and is abundantly able to support a wife. The bride is the popular daugher of our policeman William Gares. The newly married couple will go to house keeping at Milesburg.

A Beautiful and Brilliant Girl.

Beauty, robust health, sociol prominence and all that makes life bright was rapidly fading from the possession of the charming Miss K., of Beacon street. Her nearest friends could not imagine what caused the tokens of anguish that furrowed o'er the once smooth and roseate countenance. When almost in despair, she happened to see one of those "horrid newspaper advertisements" of Dr. Pierce's Favorite Prescription, which said it was a remedy suitable to her case. Without consulting her physician or anybody else she got the medicine of a druggist, took it, and in three months time she was well of all her troubles. All pains had ceased, she was herself again, and shortly resumed her place as leader of her chosen circle. Her experience is that of thousands. Why may it not be yours?

Buried on Tuesday.

The funeral of Miss Fannie Smith who died on Saturday evening at her late home in Philipsburg, was held Tuesday morning from the C. R. R. station. The corpse was accompanied by many of the deceased's relatives and friends from Philipsburg. At the station were assembled a large contingent of Bellefonte people and the funeral procession immediately wended its way to the Jewish cemetery, which is about a mile south of Bellefonte. The deceased was a prominent business woman in Philipsburg, where she, with her sister, had a large dry goods store.

Centre Hall Hotel Stand Sold.

The hotel stand owned and occupied by David Bartges, was last week sold to Henry and David Boozer and Ed. Ruhl, the latter is the present popular landlord of the Old Fort hotel, and will leave that next April and take charge of the Centre Hall hotel. Mr. Bartges had a nice trade but quits because he does not have a liking for the hotel business; he will remain in our town for a year at least after leaving the hotel, and perhaps longer in case he gets into some business that will suit him. The Boozers will continue in the livery business on the hotel premises as heretofore.—Centre Hall *Reporter*.

Killed a Deer.

A Dispatch from Bellefonte to the Pittsburg *Times* says that Clarence Stover who lives at Aaronsburg saw a deer in the woods and threw a stone at it hitting it on the side. The deer ran away and the boy following it hit it with another stone and apparently dazed it. The deer ran towards him and just as it got to him the boy threw himself at it and grasped its hind leg. He then planked his knee on the deer's neck and soon killed it with his pen knife.

"A Cold Day."

Manager Garman is in negotiation with Perkins D. Fisher for his funny farce comedy, "A Cold Day." If he succeeds in securing it, our theatre going patrons will be assured of an evening of pure solid fun. "A Cold Day" has been played here before, and those who have seen it, know it to be one of the best farce comedies on the road.

Died at Unionville.

A sudden death was that of Jesse Fredericks, aged 67 years who died suddenly at his home in Unionville Sunday morning of paralysis. The deceased was well known in the community in which he lived and his death will be keenly felt by everybody who knew him. The funeral will be held at 9 o'clock on Wednesday morning.

Change of Schedule.

On Monday, Nov. 18th, the time table of the Central Railroad of Penn'a., will be changed and trains move as follows:

Leave Bellefonte at 6.40 A. M., 3.33 P. M. and 7.30 P. M.

Leave Mill Hall at 9.01 A. M., 5.05 P. M., and 8.57 P. M.

Almost Finished.

The two new homes now in course erection on Curtin street owned by J. C. Meyer and Dr E. J. Ward are already under roof and will soon be ready for the plasterers and painters. When finished they will make handsome and comfortable residences.

—The Revival in the Evangelical church is increasing in interest. A number have already made the good confession.

BENJ. RICH DEAD.

One of Centre County's Associate Judges Passes Away.

During the special term of court held in Bellefonte in October, Associate Judge Benjamin Rich took sick while sitting on the bench. He was unable to be in attendance at court after he first took sick and at once went to his home at Unionville. His condition at that time was not thought to be serious but nevertheless he gradually got worse instead of better. He however came to Bellefonte several times since but was unable to do very much and finally he was compelled to take his bed. His illness then commenced to alarm his family and everything was done to bring him around again. He never rallied and death finally came to relieve him of all suffering at 10 o'clock on Sunday evening. The cause of death was owing to a large tumor in his stomach.

The deceased was about 66 years old and leaves to mourn his demise a wife and five children, namely: John L., Lydia L., Margaret M., Anna M., and Mary J.

Officers Elected.

On Saturday evening the Comrades of the G. A. R. Post 95, assembled in their rooms to elect officers for the coming year. They commenced to gather there as early as 6 o'clock in the evening. This was something new as a business meeting does not generally commence so early. But one only had to go there to understand the meaning of the comrades being on hand so earley. An oyster supper had been prepared for them and it was only necessary to watch the way the old soldiers were going, to find out where the supper was being held. John Anderson, that King of cooks, was there in all his glory and skill and he served oysters in every style in such a grand way that one couldn't help but eat. There were about twenty seated about the table and as one would finish, another would take his place. The feast was kept up until about 8 o'clock when the comrades assembled to the large room and there prepared for business.

At the regular meeting of Gregg Post No. 95, held Nov. 16th the comrades named below were nominated for the year 1895.

Commander—F. P. Green.
S. V. C.—Monroe Armor.

What He Is.

The editor of a local newspaper is the most thoroughly criticised individual of a community. To escape criticism he would have to be a member of all churches and of none; a prohibitionist and a drunkard at the same time; a married man and a single man at once; a philanthropist and a miser at once; a genius and a fool; a hypocrite, a liar, a back biter, a rascal and the opposite of each.—Philipsburg *Journal*

Are you ever Annoyed

by a buzzing roaring sound in your head? Have you difficulty in hearing distinctly? Are you troubled with a continual dropping of mucus, irritating the throat and causing you to cough? Is your breath unpleasantly affected and accompanied with bad taste? Is your hearing less acute? If so, you have catarrh and should at once procure a bottle of Ely's Cream Balm, the best known remedy. The Balm will give instant relief.

A Valuable Book.

There is in the possession of the Gregg Post 95, G. A. R. in Bellefonte a large book called "Personal War Sketches." It was presented to the Post in 1891 and is for the purpose of recording the war record of Centre county veterans. It contains about 500 pages for actual records and about 100 pages for notes. It is a very valuable piece of work and be still more so when the members of the Centre County Post have all passed away and there is nothing left but their war records. The book was presented to the Post by the following named people: Andrew Gregg Curtin, John P. Harris, James A. Fiedler, James A. Beaver, David M. Dieb, James Harris, A. O. Furst, Daniel Rhoads and the Brockerhoff brothers. The book cost in the neighborhood of about $125.

Reformed Church Sociable.

The members of the congregation of the Reformed church will hold a sociable at the residence of Mr. and Mrs. Jared Harper on Thursday evening Nov. 21. It will be quite a novel affair and during the evening refreshments, consisting of every thing that even the most particular would want, will be served at a normal sum. Everybody is cordially invited to attend.

Arrived on Monday.

A brand new baby girl arrived at the home of Mr. and Mrs. William Derstine on Monday morning. It tips the scales at ten pounps and has already made such an impression on its Pa. that he has about made up his mind to keep it.

County Medical Society.

The Bi-monthly meeting of the Centre County Medical Society was held in the Court House this morning and was well attended. Papers on different subjects were read and discussed in general but beyond this no business of any very great importance was transacted.

A drowning man would have little use for a method of rescue which would require days. A dyspeptic doesn't want to bother with a remedy that is going to take weeks to show its beneficial effects.

The Mount Lebanon Shakers are offering a product under the name of Shakers Digestive Cordial which yields immediate relief. The very first dose proves beneficial in most cases; and it is owing to their unbounded confidence in it that they have put 10 cent sample bottles on the market. These can be had through any druggist; and it will repay the afflicted to invest the trifling sum necessary to make trial.

The Shaker Digestive Cordial relieves by resting the stomach and aiding the digestion of food.

Laxol is the best medicine for children. Doctors recommend it in place of Castor Oil.
